CASE STUDY—Specialist Consultancy to Harbour Authorities

Customer problem/requirement

A privately owned loss making harbour authority was in need of a complete review. We were instructed to conduct a review of all aspects of the Harbour Authority and report with recommendations for reversing the decline of the harbour.

Benefits to customer

The customer's core business was not running a harbour authority. They needed expert assistance and they came to the right people.

Special Skills brought by regs4ships

We provided the skill and experience to look afresh at the whole issue of the harbour, including Governance, management structure, manning and finance. We provided a no-nonsense report that identified the problems and recommended solutions.

Deadline Performance

The review into all aspects of the Harbour Authority and report with recommendations for reversing the decline of the harbour was completed within the specified timescale and to the customer's requirements.

What our customers thought

"Harbour Authorities are diverse by nature and the assistance we can provide will recognise that diversity. We are independent, yet we strive to work with those seeking our assistance to provide pragmatic solutions. We are available on a 'pick and put down' basis or on longer term packages tailored to our customer's needs"

Mark Capon, Managing Director, regs4ships Ltd

We continue to assist them.
